About Doing
The Right Thing*

Our business is rubbish...

Well, technically our business is all about **YOUR** rubbish - collecting it and recycling it

Rubbish Direct provides rubbish and recycling services to commercial, hospitality and apartment operations within the Auckland region. Our business may be rubbish, but our customer service is second to none and we pride ourselves in doing a really great job every time.

Unlike other rubbish collection companies, Rubbish Direct:

- Offers a 24/7 support service, you can call us anytime (and yes, you can test that!)
- Doesn't use contractors – all our drivers are employees so we maintain their insurances, health and safety and we ensure that they are fully trained before coming to your site. This is so we can guarantee a great service
- Is flexible on agreement terms
- Has a full-time Health & Safety Manager to ensure that all our processes and procedures are up to date which reduces any risk to our customers

- Has a clean, serious accident-free record – and it has been clean for over 18+ years. Not many companies in our industry can say the same!
- Collects directly from the refuse room, regardless of where it is (in some cases, that's the 4th floor!)

*We specialise in
finding solutions,
no excuses –
we get the job
done*

Recycling Collections

RECYCLING OPTIONS WE OFFER TWO METHODS FOR PROCESSING YOUR RECYCLING:

PREMIUM HAND SORTED

Ideally suited to businesses that generate high volumes of glass bottles (such as restaurants and bars) or customers who require high quality standards for their mixed recycling. The hand sorting is carried out by Rubbish Direct staff at its recycling processing plant in West Auckland. Our premium service includes a hygienic and deodorised bin each time it is exchanged.

STANDARD AUTOMATED SORTING

Where cost is a major consideration for processing mixed recycling, Visy's automated processing plant in Onehunga accommodates high volumes.

FOOD WASTE BIN 240 LITRE

- For large volumes of food waste
- Daily collections where required
- Bins replaced with cleaned bins

FOOD WASTE RECYCLING BAGS 60 LITRE
